

# THE LION'S ARE COMING

## Number 1

I saw a lion!

The Lion of the tribe of Judah. We have to learn to draw strength from the Lion of Judah!

As we praise we have to draw strength from Him, from the realms of the Holy Spirit and power and strength will come down and work

And as we do we will soar in the Spirit to heaven. Do lions have wings? The Lion of the Cherubim has 6 wings. (for I saw a lion with wings)

So we can fly on the wings of God's Holy Lions! This is the realm of break through Kingdom worship!

For then I saw the Lion on fire. This is to praise God and become one with the Lion of the tribe of Judah.

For where the Lion comes, there is victory, there is deliverance from the enemies forces and its diseases and its murder.

Sound of thunder

Psalm 26: The voice of the Lord thunders over the Waters!!

Then I saw the throne of God come down because we broke through in this kind of worship. This is the throne of the lion of the tribe of Judah.

Then the healings, miracles, signs, wonders, etc and salvations will happen.

Then the lion's are coming

# The lion's are coming

## The lion's are coming

### Number 2

I saw the lion of the tribe of Judah.  
He was seated on the throne.  
And his father, the greater lion of the of the tribe of Judah  
Was seated there as the center of all!

For the Father him self is the greatest lion of Judah.  
Yes heavenly Zion.  
A great dancer and worrier is the father

He was clothed in his royal garments.

# The lion's are coming

### Number 3

I saw a big silver trumpet.  
You are a trumpet to sound the alarm on  
My holy mountain!  
As a watch man in my house,  
Sound the alarm for war! > So we go into spiritual war.

God said > drink deeper in the anointing.

Then I saw army's of the devils people bound by  
Satan under the banner of skull and bones!  
And then there were smaller banners! People were bound by them

Then I saw a banner of God's kingdom

On it was > kingdom key and olive branch

It is the key of David

And it is the anointing that breaks the yoke!

Then I saw > the trumpet become the  
Lion of the tribe of Judah – here the watch men  
Become a worrier praiser and intercessor

God said > the lion = a flame thrower  
The devouring fire comes out of the mouth of the lion

He burned > the banners of the skull and bones  
That was over many souls!  
As > the banners of Satan burned  
Many souls could now be a harvest for the Kingdom of God

Then I went into roaring, travailing, breakthrough shouting  
This is the lion of the tribe of Judah- breaking  
Through in prayer, warfare and intersession!  
To see the evil banner fall.  
And with the anointing we will see the harvest come in!
